

PrairieCare Medical Group (PCMG) is comprised of over 100 clinicians including one of the region's largest teams of Child and Adolescent Psychiatrists. These clinicians ensure PrairieCare's unsurpassed clinical excellence and provide a range of services for patients of all ages at sites in Brooklyn Park, Chaska, Edina, Maple Grove, Maplewood, Rochester, and Woodbury. Although PrairieCare and PCMG are separate legal entities, they are closely interrelated and operate together in advancing their shared mission, vision, and values.

PrairieCare does not discriminate against any person on the basis of race, color, national origin, disability, or age in admission, treatment, or participation in its programs, services and activities, or in employment.

ACCESSING MENTAL HEALTH CARE

FREE NEEDS ASSESSMENT

It all starts with a phone call...
PrairieCare provides Free Needs Assessments to anyone seeking mental health care.

What is a Needs Assessment?

An interview with a master's prepared counselor about mental health concerns, family history, and how symptoms are affecting the patient's life.

Who should get a Needs Assessment?

A Needs Assessment is designed to help people with mental health concerns identify the services that would be most helpful given their circumstances. So anyone with mental health concerns.

How much does it cost?

Nothing. A Needs Assessment at PrairieCare is free. We will ask that you provide your insurance information as this will help us in making referrals for our programs, or for programs in the community.

Where do Needs Assessments take place?
