

PARTIAL HOSPITALIZATION PROGRAM MAPLEWOOD

The Partial Hospitalization Program (PHP) for youth provides multi-specialty treatment through group, individual, and family therapy sessions. These intensive treatment options focus on thorough assessment and symptom stabilization while working on healthy living skills. Treatment is guided by a Board Certified Child & Adolescent Psychiatrist who meets with all patients individually. PHP is a helpful level of care for students who are struggling with symptoms of mental illness that interfere with their ability to function in their daily tasks for childhood or adolescence, tasks like: going to school, progressing academically, making and keeping friends, and participating in family life.

REGULAR:

Monday thru Friday
8:45 am–3:45 pm

SUMMER:

Monday thru Friday
9:00 am–3:00 pm

AVERAGE LENGTH OF STAY

3 - 4 weeks

PICK UP / DROP OFF

PHP Staff supervision is limited outside of operating hours, so it is important that drivers drop-off and pick-up children during programming hours.

The line can get long and we ask you to please be patient. If you are going to be late, or get lost in transit to our clinic, please call **952-737-4520**.

The patient drop-off site is located outside the building at 2001 Beam Avenue. During drop-off and pick-up times, patient rides form a natural "rider pick-up line" at this entrance. A PrairieCare staffer wearing a navy top and will approach vehicles to confirm which rider will be riding in each vehicle.

There is no need to park in the parking lot, just drive to this entrance, speak with PrairieCare staff, and your rider will be called down to you.

2001 Beam Avenue, Maplewood, MN 55109
